#### Warnings

WARNING! To reduce the risk of electric shock or damage to your equipment:

- Plug the power cord into an AC outlet that is easily accessible at all times.
- Disconnect power from the computer by unplugging the power cord from the AC outlet.
- If provided with a 3-pin attachment plug on the power cord, plug the cord into a grounded (earthed) 3-pin outlet. Do not disable the power cord grounding pin, for example, by attaching a 2-pin adapter. The grounding pin is an important safety feature.

For more safety and regulatory information, and for battery disposal information, refer to the Regulatory, Safety and Environmental Notices provided with your user guides. To locate the user guides for your computer, see the "Locating workstation resources" section.

WARNING! To reduce the risk of serious injury, read the Safety & Comfort Guide provided with your user guides. It describes proper workstation setup, and proper posture, health, and work habits for computer users. The Safety & Comfort Guide also provides important electrical and mechanical safety information. The Safety & Comfort Guide is also available on the Web at http://www.hp.com/ergo.

MARNING! If a product is shipped in packaging marked with this symbol, 🔀, the product must always be lifted by two persons to avoid personal injury due to product weight.
